# 自学是门手艺

没有自学能力的人没有未来

李笑来 2019

本书内容无非是：

```python
def teach_yourself(anything):
    while not create(something):
        learn()
        practice()
    return teach_yourself(another)

teach_yourself(coding)
```

特别感谢**霍炬**（ @virushuo (https://github.com/virushuo) ）、**洪强宁**（ @honggn

[(https://github.com/hongqn))](https://github.com/hongqn) 两位良师诤友在此书写作过程中给予我的巨大帮助！
